JULY 2018

To the Honorable Board Members of the Ohio Commission on Hispanic/Latino Affairs

We are very proud to report that our commission has received the Notable Document Award from The National Conference of State Legislatures and the Legislative Research Librarians Staff Section, in recognition of our Latino Community Report "The State of Education for Latino Students in Ohio." This is a great affirmation for the work carried out by Andrea Lewis and Caroline Filbrun in the production of that report and its impact on our community.

July has been a slower month in regards to meetings and events taking place in the community. Our team has utilized the time to prepare for featured events for the Fall season, including work on the Distinguished Hispanic Ohioan Awards, the Latino Health Summit, preplanning for Agenda Latina and support of the Latino Student Leadership Conference at the University of Cincinnati.

In the area of health, Director Cavanaugh is working to support the [Trauma Systems of Care Summit](#), hosted by the Department of Mental Health and Addiction Services, Bureau of Children and Families. This conference will take place on September 14 & 15 in Columbus and will concentrate on the development of effective systems of care in a coordinated effort with community-based services centered around youth and families' behavioral health needs. This is a very important opportunity to bring information about the growing needs of Latino children and other ethnic minorities to the healthcare community.

Much coordination is also going into establishing the Canton Latino Network and the Akron Latino Networks. Both cities will host their next meetings in early August; we appreciate the interest and support of both communities to bring these networking groups to fruition.

On the internal operations front, we are also excited to welcome Janwin Zeegar-Holman as our newest team member. Janwin will be our Vista member who will continue the work of

our Organizations Development Center. Caroline Filbrun completes her tenure with the commission this month and we are thankful for all her contributions to the team.

Director Cavanaugh and Administrative Clerk Black have been working on closing FY18 and implementing FY19 budgets to our programming. All fiscal matters are on track and a report will be rendered at the board meeting.
