Meet 9:00 AM – 12:00 Noon

### Topics: **Survey Results and the Northland Nonprofit Mall**

At the 8th Summit the imminent question was how does your organization want to become involved in the Northland Nonprofit Mall? Tamar Mott Forrest from OSU will present the results of the Beaumont Survey and discuss implications for action for our nonprofits and the community. The results will not be made public until this meeting. The Steering Committee for the Northland Nonprofit Mall has been making significant progress and will have a panel discussion on the organization and how we are positioning ourselves for success. And the disaster planning model for Northland will be presented with the roles we all will need to play. It will be a packed morning so come prepared to contribute.
